Dear Mr. Stone:

This letter confirms our conversation on May 29, 1981, concernin the Part A filings for the W. G. Krummrich Plant and the River Terminal. The Company filed two separate Part A notification forms for both the Plant site and an incinerator located in the plant site. The Company now requests these two separate filings be combined into one Part A 8700-12 filing representing the activities of our entire plant site.

Thus, Monsanto will use only two numbers for the facilities in Sauget:

Plant Site 1LD000802702
River Terminal 1LD000722074

Thank you for your time in consideration of this request. If you have any further questions, please contact me.

Sincerely,

R. H. Sinise
Environmental Specialist
